

**FOOTBALL OR BASKETBALL?**—At times it was hard to tell if it was a football game or a basketball game the fans were watching here Tuesday night when the Seniors played the faculty. Coach Bill Grissom recovers a fumble here as Robert Phariss gets knocked out of the way and Coach Andy Lowe jumps over the pileup. The two teams battled to a 62-62 tie in the annual athletic fund raising contest. Since there were no pads on the players and the ball was round it was assumed that the game was basketball.

#### NEWS AND VIEWS . . .

##### And What Have You

By BOB CRAIG

I believe that if I had a daughter competing in track in the Big Country area I would be tempted to write a nasty letter to the Abilene Reporter-News for their lack of coverage of the girls sports program.

I have always felt that they did a second rate job of covering basketball from the girls standpoint, but their lack of track coverage is unbelievable.

In Sunday's paper was the complete coverage of both boys divisions in the Sweetwater Relays with the first three places in every event while the three girls divisions only rated the team totals.

Every four years we are blessed by the madness called the Presidential Primaries and it is that time again. At the present time we have two candidates seeking the Republican nomination and I don't know how many seeking the Democratic nomination. At one time we had at least 11 candidates but the file is fast getting cut.

The strange part about the whole mess is that you, the average voter, will never get to express your preference but for either the final Democratic or Republican nominee.

The candidate you might favor could get eliminated after a poor showing in the little state of New Hampshire or one of the other early primaries.

I have always wondered why we could not nominate our presidential candidates the same way we nominate our candidates here in Texas — a nationwide primary. The top two go into a runoff if necessary and the winner is the party nominee. No state by state primaries and the only need for a national convention would be take care of party business and to come up with a platform that nobody pays any attention to.

Maybe this is too simple to work but it surely seems better to me.

Probably the big problem would be that it would eliminate the political hacks and these smoked filled rooms where all the strings are presently being pulled.

It has worked in Texas from the precinct to the state level for a long time and I don't see any reason for it not working on the national level.

At least it would give everyone the opportunity to vote for the one who is to be the party nominee rather than just accepting someone nominated by a hand full of people.

Apparently Hamlin has missed the problem of nepotism violations on the local school board following the matter coming to a head at

Continued On Page 4

#### ACCEPTS RESIGNATIONS—

### School Board Renews Contracts for Teachers

The Board of Trustees of the Hamlin Independent School District, meeting here Monday evening and again at noon Tuesday, renewed teacher and other school personnel contracts, accepted several resignations effective at the end of the current school term and hired a teacher-coach.

The board accepted the resignation of Tom Dechairo, high school science teacher and head basketball coach. He plans to retire from teaching and coaching and return to his native Kansas. Dennis Anderson, high school social science teacher and coach, submitted his resignation and plans to move to Lamesa.

The board also accepted the resignation of Bruce Wilson, high school science teacher; Becky Lucas, first grade teacher; Mrs. J. B. Jayroe, high school English teacher; Heather Gurr, migrant teacher; and Mrs. David Bonds, teacher's aide.

The board hired Andy Lowe as high school social science teacher and coach. He is filling the teaching vacancy created by the resignation of David Bonds.

The board extended the contracts of all other school personnel other than administrative people whose terms were renewed at earlier meetings.

During the regular business session the board drew for places on the upcoming trustee election ballot. The three candidates for the two places on the board will be listed as follows: Lewis Earl Madden, Sam Mack Hodges and Clyde Lewis.

James Rodgers, Cecil Sellers and Raymond Seifres were named to a budget committee by W. T. Johnson, board president.

The board approved recommendations of the Textbook committee for textbooks for the coming year.

The board also changed the date for the April meeting of the board from April 12 to April 5. The date was changed to canvass the April 3 election returns and was done to avoid calling a special meeting on that date. The board approved a change in the school calendar caused by the school holiday taken when the school's basketball team played in the Regional Tournament held in Lubbock. The teacher in-service work day has been changed from Friday, Mar. 26, to Saturday, Mar. 27. Friday, Mar. 26, will be a regular school day.

The board also adopted two policies concerning nepotism. The first would require all job applicants to designate any consanguinity (blood) or affinity (marriage) relationship with board members. The second would make available to potential board candidates the nepotism statutes and their restrictions.

#### School Holiday Here Next Week

The Hamlin Schools will be dismissed at the close of school Friday for the annual Spring Break, according to Bob Hawes, superintendent. Classes will resume Monday, Mar. 22, following the week break.

#### FOR TOP SCHOOL NEWS COVERAGE—

### Herald to Receive Coveted School Bell Award Today

The Hamlin Herald will receive a "School Bell Award" today (Thursday) at the awards dinner of the Texas State Teachers Teacher Association annual convention at the Fort Worth Convention Center.

The Herald, competing against Texas weekly newspapers, won top honors for "outstanding continuous coverage" of education news in the annual statewide competition for Texas news reporting organizations sponsored by the TSTA.

The newspaper was nominated for the award by the Jones County Teachers Local Unit of TSTA, headed by Jerry Schuchert of Stamford. Tammy Harris, Hamlin High School student, prepared the scrapbook entered

by the Hamlin Independent School District for the competition.

Thirty-one news reporting organizations throughout the state will be honored at the TSTA 97th annual convention March 11-13 in Fort Worth.

They will receive a total of 43 School Bell "awards of excellence" at an awards dinner at 5:30 p.m. Thursday, March 11, at the Fort Worth Convention Center.

The winners will be recognized again that evening as platform guests at the first general session of the convention.

TSTA President Larry Yawn of Austin will present the School Bell Awards to Texas newspapers, radio stations, and television stations.

## Weekend Rains Give Wheat Crop New Life

Robert Fowler, manager of Moore Elevator, said here Tuesday that the weekend rains, while not enough to insure a wheat crop, were enough to save the area from a complete crop loss. He said that another rain later this month or even in April could make a normal crop.

Rainfall in the area over

the weekend ranged from a half inch to an inch. The official report for Hamlin by Bill Rountree was .60.

Fowler said that the area still has good bottom moisture and while this rainfall was not enough to meet this moisture it was enough to save the area crops and prepare us for the expected heavy March winds. The cooler weather is also helping, he said.

It is doubtful that we could have a bumper crop under the present conditions, but we could have a normal crop with some more rain later this month or in April, he added.

According to a number of

area wheat farmers even the dust storms that have plagued the area during the past couple of weeks may have had their good side too. They apparently played a part in eliminating the Green Bugs that were infesting the area.

Jones County Agent Kirby Clayton of Anson said the rain "puts us back in business" for the time being.

"It keeps the wheat going," Clayton said, adding that probably 60,000 acres of wheat will be harvested in the county early this summer.

He said the rain should make the surface moisture and the sub soil moisture come together.

Clayton also said the rains will help get the soil ready for grain sorghums, another major crop in Jones County, to be planted beginning later this month.

### Sweepstakes Honors

The Hamlin High School Concert Band took Sweepstakes honors at the annual Sweetwater Band Festival held this past weekend in Sweetwater. The band, under the direction of Tim Jones, has won 15 Sweepstakes in the past 17 years of competition at this annual event.

Only three concert bands were awarded this coveted trophy out of the 20 bands entered. Others winning sweepstakes were Haskell in Class A and Abilene High in Class 4A.

Fifteen students were awarded medals for first division performances in solo and ensemble competition.

Judges for the concert and sight reading events were Eddie Galvan of Corpus Christi, Bob Gans of Grand Prairie, Dr. Charles Trayler of Abilene, and Ralph Smith of Dimmitt.

### Cemetery Group To Explain Trust Fund At Meeting

The trustees of Hamlin Cemetery Association will meet with anyone who would like the trust fund explained to them from 2 to 5 p.m. Friday afternoon, March 12, according to Olivia Griggs, trustee.

The meeting will be held in the conference room of City Hall.

Anyone needing transportation to and from the meeting may call one of the trustees.

### Hamlin Ag Club To Meet Tonight

The Hamlin Ag Club will meet tonight (Thursday) at 7 p.m. in the high school cafeteria.

The program will be presented by TEMK, the systemic, by Union Carbide Corporation and DeKalb Ag-Research, Inc.

Those interested in agriculture are invited to attend and to bring a guest.

### Methodist Church Sets International Weekend

The First United Methodist Church will observe their second annual International Weekend at the church Saturday and Sunday, according to Jim Smith, minister.

"With the growing influence and presence of the Mexican-American culture and population in the Southwest, our theme this year will be on the ministry to the Mexican-American people," he said.

The speaker and leader for the weekend will be the Rev. Hector Gonzales, superintendent of the North Central District of the Rio Grande Annual Conference of the

United Methodist Church. With him will be The Disciples, a singing group of boys, who will sing and witness during the Saturday and Sunday program.

Activities will begin at 7 p.m. Saturday with a sandwich and salad supper for all at the church, followed by the program.

### Colonial Food Store To Open Here Friday

Colonial Food Stores plan to open their newest location here Friday when the new store located at 13 South Central opens for business. The store will be open seven days a week and will be open from 7 a.m. until midnight.

Cecil Beauchamp, area manager for the operation here, said the local store is number 47 for the fast growing West Texas "Convenience Store" chain.

Local manager for the new store will be Mrs. Betty Jean Stanley, a Sylvester native who moved to Hamlin from Post in February. Mrs. Stanley was manager of a Dairy Queen in Post before moving here to manage the local Colonial Food Store.

She is a graduate of Spur High School and had 13 years experience in the grocery business before becoming manager of the Post Dairy Queen.

The store, a quick service food market, will also feature several specialties that have been developed during the personal experience of Ray

Hawkins, president of the corporation. He opened his first store in San Angelo in 1967 and within nine months there were five stores in operation. The current rate of growth for the chain is now 10 new stores annually.

The Fast Food specialties of the store include microwave ovens that prepare food to be served hot to waiting customers within seven to eight minutes. The fresh, ready to eat items, will be pizzas, hot sandwiches, hot coffee and hot popcorn. Cold drinks and accessories to these include icees, a large selection of chips and candies.

In addition the store will carry a stock of cold cuts and fresh vegetables for quick sandwich preparation.

Other departments of the store will provide ready access to the common household drugs and remedies, toilet items, a variety of magazines and other items being carried in today's food and household goods markets.

**TO OPEN FRIDAY**—The newly constructed Colonial Food Store will open here Friday at the corner of West Lake Drive and Central. The convenience type food store will be open seven days a week from 7 a.m. until midnight. The local manager is Mrs. Betty Stanley. The local store is number 47 for the rapidly expanding chain that is based in San Angelo.

**TWINS VISIT HERE**—Mrs. Myrtie Sherley came to Hamlin Tuesday to visit with her twin brother B. C. May. The twins, 86, had not seen each other since 1972. Mrs. Sherley lives in Bellflower, Calif., and is in Lubbock this week visiting with her children.

## 86-Year-Old Twins Get Together Here

B. C. May and his twin sister, Myrtie Sherley of Bellflower, Calif., were together here Tuesday for the first time in four years.

Mrs. Sherley, who travelled to Texas in a motor home with three of her children, came to Hamlin with two daughters from Lubbock for the one-day visit.

The twins celebrated their 86th birthdays Nov. 27.

While reminiscing about their childhood years, Mrs. Sherley said, "We were always together. We even lived in the same house the first year after we married."

May married Mahala Sherley, sister of John B. Sherley, who married May's twin sister. The two couples lived in the same house in O'Brien following their marriage.

Mrs. Sherley's husband died in 1955. They had moved to California in May, 1943. She has eight living children, four boys and four girls. She travelled from California with her oldest son and his wife, her youngest daughter and her husband and her youngest son who lives with her.

May came to Hamlin in 1944 from Ropesville as a railroad section foreman. He said that he started to work for the railroad in 1911 for 12½ cents per hour. He was a foreman here for 6½ years before he retired in July, 1950.

Bert Clyde May and Myrtie Magnolia May are the oldest of four children of the late Mr. and Mrs. George Washington May. They were

born Nov. 27, 1889, in Newton, Ark. A younger sister who is 80 lives in Beaumont. A brother died in 1966.

May recalls that when they were six years old, the family moved from Arkansas and the cradle in which the twins had been rocked was burned. "I remember that I cried when I saw the cradle being burned," he said.

During their 'growing up' years, the twins were called Bertie and Myrtie. Mrs. Sherley said "We didn't fuss or fight. We got along well together."

Mr. May lives alone at his neatly kept home at 320 Southwest Avenue C. He still gardens and makes daily visits downtown drinking coffee with friends. He is an active member of the Hamlin Church of Christ.

Although he has not been to California to visit his sister, he tells the family that he still plans to.

## G. M. Bond Family Holds Reunion Here

For the first time in almost 20 years, all the children of Mr. and Mrs. G. M. Bond were present for a family reunion on Saturday at the home of their parents. Those present were Messrs. and Mmes. Odell Hayes and Jack Bond, all of Hamlin, Glenn W. Bond of Burleson, Troy Gruben, of Sylvester, George Goforth of Garland, and Mrs. Larry Lyle of Riverside, Calif.

Grandchildren present were Mrs. Autry Andress of Plano, Mrs. Clyde Chandler of Abilene, Lisa Gruben of Sylvester and Billy Jack Bond of Hamlin.

Great grandchildren present were Clyde and Kile Dhandler of Abilene and Jeffry and Jackie Andress of Plano.

On Sunday a dinner was held in the home of Mr. and Mrs. Troy Gruben. In addition to the above mentioned grandchildren, Mike Gruben and Tim and Vicky Lewis and great grandchild Makael Lewis, all of Sylvester, were present.

## Baptist Women Meet Monday For Program

Mrs. LaFoy Patterson was hostess for the Monday night meeting of Baptist Women of the First Baptist Church.

Mrs. Patterson, president, presided, and Mrs. Albert Haight led in prayer.

Mrs. Bill Shira gave the program on "Home missions," a new birth of Freedom, the Liberty Bell, Bill of Rights, Statue of

## Mrs. Smith Named First Lady of Year By Sorority

The membership of Beta Theta Chapter of Beta Sigma Phi has selected Mrs. Fred Smith to be the sorority's First Lady of the Year and will honor her at the club's closing luncheon in May.

Mrs. John Poe, chairman of the First Lady project, in announcing the selection said "Beta Sigma Phi wishes to honor an outstanding woman of our community this year by special recognition."

Names were submitted by members and voted on. Mrs. Smith will be given a cer-

tificate and gift at the special luncheon.

Mrs. Smith retired in 1973, after teaching the second grade since 1944. She also served as primary principal in addition to teaching second grade for many years.

She was awarded a life membership by the Parent Teachers Association in 1956 and in 1972 was given the Teacher of the Year by the Auxiliary of Veterans of Foreign Wars.

She is a member of First United Methodist Church and works with the kindergarten department. She also is a

member of Order of Eastern Star, the National Retired Teachers Association and is president of the Woman's Literary Club. She is a past chairman of the Cystic Fibrosis Drive for Hamlin. Her main hobby now is china painting.

Mrs. Poe stated that women are increasingly making important contributions in community life, business government, social welfare, research and education. "Mrs. Smith, we believe, is truly our First Lady of the Year, and we

MRS. FRED SMITH receives honor

recognize her for her many contributions to our community," she added.

## Local Art Club Holds Session Here Monday

Hamlin Art Club met Monday at Art Studio and Gallery for a painting session and business meeting with Mrs. Robert Goodgame, president, presiding.

Plans were made to have Sherwood Suter, associate art professor at McMurry College, Abilene, for a three-day workshop in April at Art Studio and Gallery either in oils or water color.

The club planned the spring club art show in May. Dates will be announced on both activities later.

Others attending were Roy Hennington, Mmes. Richard Young Sr., Homer Raney, G.

W. Drummond, Albert Hayes, Ronnie Jeffrey, Herbert Lakey, and Jimmie Blanton.

## Salad Supper Held Tuesday

The monthly Ladies Salad Supper at the Church of Christ was held Tuesday night in the fellowship hall.

Twenty-one ladies were present.

Guest speaker for the occasion was Mrs. Jan McCoy of Abilene. She encouraged the women to improve their prayer life.

The next salad supper will be April 6.

News and advertising deadline 12 noon Tuesday.

# FROM THE FILES . . .

## FIFTY YEARS AGO (March 5, 1926)

The Herald should have carried a news item last week telling our readers that all patients who were bitten by a "mad" dog some weeks ago have returned from the Pasteur Institute at Austin. Mr. Joe Holt being the only adult person going, is speaker for them all. He is very loud in his praise of the institution. He says that the ordeal of taking the needle for twenty-one times is a bit hard on one's nerves, but not as bad as would be expected. Joe says he has found one place he is not regretful that his taxes go to keep it up. Joe says that the Pasteur Institute is worth the money.

One of the most exclusive "home industries" we have is the Hamlin Cotton Oil Mill. It works on the home farm products; it produces home required feeds and in every way makes for the building up of the country. The readers of the Herald will notice that this mill has a "warning" ad concerning the economy of exchanging seed for meal and hulls. They want the seed for the oil, you need the feed products after the oil is removed, therefore the exchange is a mutual benefit proposition. There is no guessing in this matter, tests have proven that the cow or horse does better on the food product from the manufacture in the mill than from the straight raw seed.

To stimulate enthusiasm in school activities Hamlin school has two societies, the San Jac and the Whirlwinds. Their greatest excuse for rivalry is at the annual contests in the literary department. So Tuesday night they had their colors and everything lined up for a real battle. Their yells and stunts were fairly well "endured" by the older people till they staged a "bull fight" in the rear of the auditorium, where the San Jacs tried to take down the Whirlwind's colors. The boys lost themselves a bit there, but who could blame them. The contest was on. There the colors were, one side wanted them down and certainly the other side wanted to defend them, so there you are. The tussle raged furiously for awhile. Older folks looked on not caring for a few breaks of furniture, but hoped that no one would be knocked out the windows. It ended beautifully. Just a bit over enthusiastic, just a demonstration of what can take place and that's all, just a lot of energy proving the American spirit.

On Tuesday afternoon of last week the members of the Tuesday Club were delightfully entertained at the home of Mrs. D. J. Payne, with Mrs. W. C. Russell as hostess.

Lovely blooming plants added cheer to the entertaining rooms, where three tables of 42 spent the time at play.

At the tea hour the hostess passed an attractive plate carrying fruit salad, sandwiches, olives and coffee to Mesdames H. O. Cassie, Geo. W. Gray, J. T. Bynum, C. G. Green, L. E. Littleton, J. O. Jones, J. P. Morgan, B. Moseley, Mart Farrow, D. J. Payne, D. O. Sauls and Miss Pearl Whiteley.

## TWENTY YEARS AGO (March 9, 1956)

Hamlin city enforcement officers and city officials are becoming extremely concerned about the rash of petty thievery that has spread to this area in recent months, declared Mayor Willard Jones this week, as he announced an accelerated campaign toward apprehension of perpetrators of the crimes by city officers.

Scores of automobile hub caps have been taken from parked automobiles in recent weeks, a few of which have been recovered officers said. But most of those hub caps stolen apparently are being taken to other cities and disposed of under cover, officers believe.

One Hamlin area man, Irby Weaver, reports he has lost 10 hub caps and a set of fender skirts from his 1956 Ford since January 1. Several Hamlin auto dealers have reported theft of hub caps, radios, lighters, fender skirts and spare tires from cars on their new and used car lots.

E. C. Feagan, Hamlin consignee for Conoco products, was recognized as an old-timer in the business last Thursday night when he was presented a plaque for 22 years of service as a Conoco agent by officials of the Continental Oil Company.

James E. Rodgers, son of Mr. and Mrs. Edd Rodgers of Hamlin, was one of 352 students at Texas Technological College at Lubbock who were listed on the honor roll issued this week by W. P. Clement, registrar.

Young Rodgers is a sophomore taking a

business administration course.

All-out campaign to have all children and young people in the Hamlin area between the ages of six months and 21 years of age inoculated against polio has been set by civic leaders of the community under the direction of Starr Inzer and L. E. (Gene) Prewitt.

Promoters point out that new methods of manufacture and controls make the polio inoculations absolutely safe.

Two school trustees for the Hamlin Consolidated Independent School District will be named in the annual trustee election on Saturday, April 7, it was announced this week by district officials.

Terms of Tarlton Willingham and W. C. Eoff are expiring. Willingham, who is completing 25 years on the board, declares he will not seek re-election.

Hold-over trustees are Fred B. Moore Jr., LaFoy Patterson, Noel Weaver, Edward Dodd and Eddie Jay.

## TEN YEARS AGO (March 10, 1966)

The Piperettes placed four girls on the 5-AA All District team selected by the district coaches. Six forwards and six guards were selected on the team.

Named all district guards were Kay Hodnett and Donna Compton and Judy Jenkins and Linda Bailey were all district forwards. Linda was the only sophomore on the 12 girl squad.

This was the third year for Judy to be selected and the second year for Donna.

James Ledbetter, Hamlin's 6'4" basketball, was honored this week by being named on the Abilene Reporter-News' All Area team and was also the only Hamlin boy on the All District team selected by the coaches of the district.

## NEWS AND VIEWS . . .

### And What Have You

— Continued from page One

Anson. Stamford was not so fortunate and has lost two school board members and a secretary. Anson lost one board member over the problem.

The nepotism law, according to a Texas Education Agency bulletin states that "it is illegal for a Texas public school to employ within the third degree by consanguinity (blood relation) or within the second degree by affinity (marriage) a relative of a member of that school's board of trustees."

The exception, the bulletin states, is if a school employee has been employed two or more years prior to the time that a relative was elected to the board. In that case, there is no violation of the nepotism law.

Third degree relatives include such blood relatives as great-aunts and uncles, great-nieces and -nephews, great-grandchildren, great-grandparents and second cousins. Second degree relation by blood relatives includes aunts, uncles, nieces, nephews, grandchildren, grandparents and first cousins. First degree are parents, children or siblings.

Second degree relatives by marriage include nephews, nieces, aunts, uncles, first cousins and grandparents. First degree relatives by marriage covers spouses, sons-in-law, daughters-in-law, brothers-in-law, sister-in-law, fathers-in-law and mothers-in-law.

This all seems a little ridiculous to me but until the law is changed the schools must abide by it. Laws like this may be necessary in the larger cities but they create a great many hardships in the smaller communities.

GREETING OPEN HOUSE VISITORS—Sharon Ford, left, and Susan Watts, students in room 6-A show the class project prepared for Open House. Visitors attended Open House here at all schools Thursday evening, one of the highlights of Texas Public School week.

## Expanded Vocational Program For Hamlin In Planning Stages

An expanded Vocational Education program is in the planning stage for the Hamlin Independent School District, according to Bob Hawes, superintendent. The program will be in cooperation with the other schools in Jones County, he said.

The current plans are to offer an auto mechanics in Stamford, a building and trades construction class in Hamlin, and a vocational office education class in Anson. Students will be bussed to the respective schools.

"This type of vocational education program consists of a combination of occupationally-related classroom instruction and on-the-job training," he said. "It is an effective program which prepares students for gainful employment," the superintendent added.

High school students 16 years or older who are of junior and senior classification are eligible to enter the program. Acceptance for participation will be on the basis of training objective, aptitude, interest, need, physical and mental competence, and other qualifications essential to successful employment.

There will be two classes scheduled for each school day. Students are enrolled in one of these, and two or three other classes which lead to high school graduation.

An orientation program was held at the high school on Feb. 24 to introduce this concept to the interested students. The program was coordinated by Mrs. Frank Codington, counselor. Cecil Allen, assistant supervisor of Vocational Education for the Abilene Independent Schools; Mrs. Evelyn Longacre, Vocational Office Education teacher, Cooper High School; Larry Dooley, Director of Guidance, Region XIV

Service Center; Danny Mathis, Abilene High School Auto Mechanics student; and Britt Garner, Cooper High School Building and Trades student, participated in the orientation.

The program was presented in Hamlin, Anson, and Stamford. There were 103 students who indicated they would be interested in the Auto Mechanics class, 79

showed an interest in Vocational Office Education, and 59 showed interest in Building and Trades.

There will be a careful screening of the students to fill the quotas for the classes.

Parents of students who are interested in these new courses are advised to contact Mrs. Codington or B. V. Newberry, high school principal.

## Piper Track Team Wins Third At Sweetwater

The Piper track team, competing against 3A teams at Sweetwater Saturday, took third place behind San Angelo Lakeview and Levelland. Lakeview took first with 122½ points, Levelland had 115½ points and Hamlin had 103. Colorado City and Sweetwater tied for fourth place with 79 points each, Post was sixth with 26, and Stamford was seventh with 16.

Hamlin could manage only two firsts in the rainy, cold meet, but showed strong depth as they picked up points in 10 events.

Taking first places were Delbert Thompson in the 440-yard dash with a time of 51.9 and the sprint team with a time of 45.4.

The team will travel to Spur this Saturday with the filed events starting at 12:15 and the running events at 3. Hamlin results at Sweetwater:

440-yard relay: 1. Alan Steele, Mac Lee, Robert Pharris, Thompson, 45.4. 120-yard high hurdles: 4. Charlie Brown 16.3; 5. Tommy Maberry 16.4. 6. Paul Reynolds 16.4. 100-yard dash: 2. Lee 10.6; 4. Stanley Jones 10.8. 440-yard dash: 1. Thompson 51.9. 330 Intermediate hurdles; 3. Brown 43.5. 220-yard dash: 4. Drew Thomlinson 25.0; 5. Jones 25.1. Mile relay: 4. Steele, Pharris, Gerald Rodgers, Thompson, 3:43.3. Shot: 5. Thompson 42'. Pole Vault: 3. Pharris 11'6"; 5. Rodgers 11'. High Jump: 2. Thompson 5'10"; 3. Brown 5'8". Long jump: 2. Jones 19'1"; 5. Brown 18'8". Thompson was high individual for Hamlin with 27 points.

### BABY

Mr. and Mrs. Bobby Bill Smith of Aspermont are parents of a son, Brian Cody, 7 lbs. 14 oz. born March 8 at 6:55 a.m. in Hamlin Memorial Hospital. The couple has a daughter, Christie, 3. Grandparents are Mrs. A. B. Meador of Peacock and Mr. and Mrs. Archie Smith of Jayton.

Mr. and Mrs. Louis Munoz of Anson are parents of a girl, Eugenia, 7 lbs. 14 oz., born Feb. 26 at 11:50 a.m. They have two other daughters, Mary Esbell, 4, and Cindy, 7.

## Girls Track Team Wins First At Sweetwater

The Hamlin girls track team captured first place in their division at the Sweetwater Relays Saturday with 123½ points. Taking second place was Post with 106 points, Seminole was third with 80 and Sweetwater and Lamesa tied for fourth with 43 points.

Hamlin took first place in the 880-yard relay, the 220-yard dash and the long jump in capturing their division crown. Mary Ruth Brown ran a 28.5 for a first place finish in the 220 and the relay team of Cheryl Baker, Barbara Hooper, Doris White and Mary Ruth Brown ran a

1:58.7. Barbara Hooper also took a first in the long jump. The girls team has cancelled out of the Olney meet this weekend, according to Coach Betty Davis.

Hamlin results: 440-yard relay: 2. Elizabeth Hooper, Barbara Hooper, Mary Ruth Brown and Doris White, 54.5. 440-yard run: 2. Verna Jo Thompson 67.2. 220-yard dash: 1. Brown 28.5; 2. Baker 29.8. 60-yard dash: 2. E. Hooper 8.0. 80-yard hurdles: 3. Stacy Bell 13.2; 4. Jan Ford 13.2; 6. Darla Pyron 14.3. 880-yard run: 4. Clara Spaulding. 100-yard dash: 2. White 12.8; 3. Bell 12.9; 4. E. Hooper 12.9. 880-yard relay: 1. Baker, B. Hooper, White and Brown, 1:58.7. Long jump: 1. B. Hooper; 2. E. Hooper; 3. Brown. High jump: 6. Brown.

## GED Tests Set At Rule March 20

General Education Development Tests will be given in Rule High School Saturday, Mar. 20, at 8:00 a.m.

Five tests will be given in English, Literature, Social Studies, Science and Mathematics. If a person passes these five tests, the Texas Education Agency will issue a High School Equivalency Diploma. This diploma meets the educational requirement for employment as well as partial requirement for College entrance or job training schools.

A fee of \$15 is charged for all five tests and it takes about two hours for each test. A person must be eighteen (or at least 17 years old) and has been out of school one full calendar year. If a person is seventeen when the tests are taken the diploma will not be issued until the person is eighteen.

For additional information call the superintendent's office at Rule.

## Ronnie Wilcox Is Nominee for Trailhand Title

Ronnie Wilcox was among the nominees for the 1975-76 Trailhand titles at Western Texas College, Snyder, recently.

A graduate of Hamlin High School, Wilcox is a sophomore at WTC majoring in Electromechanical Technology.

Nominees for the Trailhand titles were introduced during the half of the final home games for the WTC men's and women's basketball teams. Wilcox served as escort for Stacy Payne, winner of the Miss Trailhand title, in the procession. Darryl Smith of College Park, Ga., a member of the Westerner basketball team, was winner of the Mr. Trailhand title.

Students at WTC elect the Trailhands each year in a contest sponsored by Phi Theta Kappa, national honor fraternity for two-year college students.

BURL WALKER seeking election

## Burl Walker Is Candidate for County Sheriff

Burl Walker, 1120 18th Street, Anson, has authorized The Hamlin Herald to announce his candidacy for the office of sheriff, Jones County.

Walker served for 10 years as a deputy in the Jones County Sheriff's department and one and one-half years as city policeman. He is a certified officer.

He will issue a formal statement later, he said.

# The Piper Press

## Hamlin High School Happenings

(Compiled each week by the HHS Journalism Class)

Beginning at 2 p.m. tomorrow (Friday) all students and faculty members will enjoy a spring break from classes.

As a result there will be no Piper Press column next week.

Classes will return to the regular schedule March 22.

The sixth issue of the rejuvenated school newspaper, Pipers' Pride, will go on sale tomorrow (Friday). The price is 25 cents.

The Piper Stage Band enters the Texas Tech Stage Band Festival in Lubbock tomorrow. This is the third competition the group has faced this year.

The Hamlin High Band, under the direction of Mr. Tim Jones, will participate in the University Interscholastic League contests in Wichita Falls Monday.

The band will play "Lola Flores," "Credence" and "Chorale and Shaker Dance."

The juniors, sophomores, freshmen and eighth graders pre-registered Monday morning in the cafeteria for next year's class offerings.

This procedure allows Principal B. V. Newberry to determine the students' choices when arranging next year's schedule.

Deborah Brown, Gary Lain and Kayla Mehaffey are competing in the Livestock Show in San Angelo which started Tuesday and will end Saturday.

The three will also participate in the Livestock Judging Contest on Saturday.

Fifteen members of the local Future Farmers of America Chapter will enter the Livestock Dairy Cattle, Dairy Products, Cotton, Poultry and Meats Contest in Sweetwater Saturday, March 20.

For this year's educational trip, FFA Advisor Milburn Wink and seven agriculture students traveled to Ft. Worth last Saturday morning to attend the Southwestern Farm Show and Tractor Pull.

Mike Norris, Julio Villanueva, Danny Brown, Guy Turner, Leroy Gardner, Tracy Gregory and David Brown qualified to go. To be eligible for the trip the students had to earn 35 points by participating in all FFA activities such as the fruit and candy sales, judging contests, FFA meetings or entering their project in any livestock show.

The Farm Show and Tractor Pull attracts people every March. On display are animals and the latest developments in farming. The tractor pull is a contest to see which machine can pull a weighted sled the greatest distance.

The group returned to Hamlin Monday evening.

The theme for the Future Homemakers of America Area Convention for 1976 was "America the Beautiful." The convention was held at Tarleton State University in Stephenville March 5 and 6.

HHS students attending were Debbie Hargrove, Sheri Mink, Linda White, Allison Clem, Julie Jeffrey, Patrice Moore, Lisa Howard, Cindy White and Julie Willingham. Sponsors were Mrs. Edith Carter, Mrs. C. L. White and Mrs. Johnny Jeffrey.

The FHA hosted the Future Farmers of America Monday evening with a weiner roast in the high school cafeteria.

Six Piper band individuals and two ensembles received Division I ratings at the Sweetwater Solo and Ensemble competition in that city Friday evening.

Tonya Covington, Debra Hollis, Gary Mink, Sheri Mink, Don Pearce and Lester Stephens were the solo performers receiving the highest rating, while the sextet of Tammie Harris,

top rating in ensemble awards.

Awarded Division II ratings were Wayne Wheat, Lisa Howard, Greg Bessire and Jeffrey in solos and the quartet of Elaine Carlton, DeDe Young, Wheat and Howard; the trio of Andy Contreras, Greg Bessire and Russell Crowley; and the flute quartet of Jessica Hernandez, Laurie Willingham, Stephanie Hymmer and Jamie Jones.

Lewis was rated a Division III for his solo performance.

### Adult Education Off Next Week

Since the Hamlin Public Schools has a spring break March 15-19 the Adult Education Program will also take a holiday that week, according to Mrs. Mary Brown, teacher.

The classes will resume Monday, March 22, giving those involved a chance to recover from the recent outbreak of flu.

### John Morrison Dies In Midland

Funeral for John Ed Morrison, 55, was held at Crestview Baptist Church in Midland at 2 p.m. Sunday.

He was a Baptist and employee of Baird's bakery for 30 years until illness forced his retirement eight years ago. He had been in rest homes in Cisco and Midland.

He married Bernice Bush

of Hamlin in Brownwood in 1940.

Survivors include his wife, Bernice; one daughter, Mrs. Gary (Judy) Griffin of Midland; his mother, Mrs. J. P. (Pearl) Morrison and one sister, Helen Sprayberry of Hamlin. His father John P. Morrison preceded him in death.

IT PAYS TO ADVERTISE—Whenever you have something to sell, trade, or give away—use the HAMLIN HERALD classifieds.

### Hamlin to Host Special Social Service Program

Hamlin will host one of three special social service programs for older Texans to be presented in Jones County, according to Nacey Wilburn, County Extension Agent.

The program will be conducted here on Friday, Mar. 19, in the Jaycee Community Building at 10

a.m. The same program will be presented in Anson Friday, Mar. 12, at 10 a.m. in the Lions Club Building and in Stamford on Friday, Mar. 19, at 2:30 p.m. in the Stamford Electric Cooperative Building.

Speakers will include representatives from the offices of the Social Security Administration, West Texas Council of Governments, Texas Department of Public Welfare, West Texas Health Service and Community Action Program.

**CITY OF HAMLIN, TEXAS**  
Separate sealed Bids for the construction of WASTEWATER TREATMENT FACILITIES will be received by the CITY OF HAMLIN, TEXAS, in the Council Room of the City Hall, Hamlin, Texas, until 2:00 p.m., April 8th, 1976, and then at said location publicly opened and read aloud.

The Contract Documents, consisting of Advertisement for Bids, Information for Bidders, Bid, Bid Bond, Agreement, Performance Bond, Payment Bond, Special Conditions, General Conditions, Notice of Award, Notice to Proceed, Change Order, Compliance Statement, Drawings, Specifications and Addenda, may be examined at the following location:

Yeatts & Decker, Consulting Engineers, 1333 North 2nd St., Abilene, Texas  
Bidders on this work will be required to comply with the Presidents Executive Order No. 11246 and 11375, "Equal Opportunity in Employment." The requirements for bidders and contractors under this order are explained in the contract documents.

Any contract or contracts awarded under this Advertisement for Bids are expected to be funded in part by a grant from the United States Environmental Protection Agency. Neither the United States nor any of its departments, agencies or employees, is or will be a party to this Advertisement for Bids or any resulting contract.

Copies of the Contract Documents may be obtained from the office of YEATTS & DECKER INC., Consulting Engineers, located at 1333 North 2nd St., Abilene, Texas 79601 (915-677-1494), upon payment of \$40.00 for each set.

Any Prime Bidder, upon returning the Contract Documents promptly and in good condition, will be refunded his payment; and any Non-Bidder upon so returning the Contract Documents will be refunded \$10.00.

News and advertising deadline 12 noon Tuesday.

NEWS FROM ...

McCaulley

By Mrs. Fred Kemp

One-half inch of rain in the form of mist and drizzle this weekend gave us a face lift. Here's hoping we get more. Mrs. Ruth Crance of Lubbock and Dr. and Mrs. Charles Lewis and family of Conway, Ark., were visitors in the homes of Mr. and Mrs. Fred Kemp and Mr. and Mrs. Frank Kemp recently. They also visited with the W. J. Kemps of Hamlin and Mrs. Beatrice Kemp of Holiday Lodge who has been ill.

An apology to Bobby Smith of Mason. He didn't get to visit with wife Priscilla and the boys last week. Sure looked like him in the pick up with Marion Reed the other afternoon.

Mr. and Mrs. Pratt Cox travelled to Richardson recently for a visit with Mr. and Mrs. Bill Huff and family. Pratt is retiring from Celotex soon. All these retired people around McCaulley may have to form a club.

Mrs. Truett Jeffrey is back

## GIRL SCOUT NEWS

Brownie Troop 317 met Tuesday at the high school cafeteria where they rehearsed their part of the program to be presented during their big event Friday, the Father-Daughter Banquet.

After rehearsal the troop went to the Girl Scout Hut to complete their meeting with refreshments and business.

The girls will not have a meeting next Tuesday because of spring vacation.

Everyone is asked to remember that March 20 is the date to go to the Holiday on Ice show. Girls will meet at the Girl Scout Hut at 12:30 and should return by 5:30. If there are any questions concerning this, please contact Mrs. Ronnie Lincoln or Mrs. Sam Mack Hodges.

Hamlin Girl Scouts met Tuesday in the Scout Hut. The program included a visit to high school to practice their program for the upcoming banquet.

During the meeting Mrs. D. R. Tice and Mrs. Corkey Bond were presented a gift of appreciation for helping the girls during the meetings.

## POLITICAL CALENDAR

The following have announced for the 1976 Democratic Primaries:  
For Jones County tax assessor-collector:

For Fisher County tax assessor-collector: BILLY J. (BILL) SMITH

## Randy Elmore On B Honor Roll At Tarleton State

Randy D. Elmore, a Tarleton State University student from Hamlin, has been named to the "B" Honor Roll and the Distinguished Student List for the Fall Semester 1975.

The "B" Honor Roll consists of those students who carry at least 12 semester hours and have no grade below "B".

A Distinguished Student must post a semester grade point average of at least 3.25 on Tarleton's 4.0 system.

Elmore, a pre-vet major, is the son of Mr. and Mrs. Don Elmore.

Use your Electric Clothes Dryer Wisely...

## AND SAVE

Reddy's Helpful Tips

- ★ Operate your dryer with a full load.
- ★ Do not over dry. Over drying any fabric increases wear and tear and causes yellowing, in addition to using more energy.
- ★ Use leftover heat to dry light synthetic garments and only partially dry items which are to be pressed immediately.
- ★ Keep lint filter clean. A dirty lint filter can lengthen the drying time and present a fire hazard.
- ★ Vent your dryer to increase its efficiency. Occasionally check the vent to make sure it is not clogged. A clogged vent can cause your dryer to consume needless energy and presents a potential fire hazard.

Philosopher Wonders Why Judges Don't Employ Their Power and Whip Inflation

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One gets off on several different topics this week. We don't know how far off.

Dear editor:

As I understand it, a bunch of Federal Judges who make \$42,000 a year plus free office rent and a secretary, are claiming that inflation has in effect reduced their net pay and this is unconstitutional because the Constitution says a Federal Judge's salary shall not be diminished. The Judges say the rising cost of living has diminished their salary and they're suing for a raise plus about \$50,000 in back pay through 1968.

I's all for the judges, but they're going about it backwards. Instead of suing the government for more pay, they ought to inform the government that inflation is unconstitutional and it has 90 days to put a stop to it. If in 90 days a Federal Judge goes to the supermarket and finds that his \$42,000 won't buy as many groceries as it did in 1968, then everybody in Washington is in contempt of court, and will have to ride to work in a bus.

Changing the subject, I noticed the postal service is trying to shut down several hundred small postoffices around the country, saying they're unprofitable. "They're losing money and they ought to be closed," officials said.

This could get out of hand. You shut down every postoffice that isn't showing a profit and what have you got left?

Changing the subject again, I have finally found the answer to the problem of sports, where one side always loses. What I've been looking

Funeral Service Held Sunday for Mrs. Stapler, 67

Mrs. Ora E. Stapler, 67, a longtime resident of Hamlin, died at 4:45 a.m. Friday at Sweetwater Holiday Retirement Center.

Services were held at 2 p.m. Sunday at McCoy Funeral Home Chapel of Faith. The Rev. Joe Norton, Nazarene evangelist, officiated.

Burial was in Hamlin East Cemetery.

Born Feb. 26, 1909, in Hawley, she was the daughter of the late Mr. and Mrs. Hawley Boiles. She married John W. Stapler at Truby March 7, 1925. He died Dec. 21, 1969.

She had lived in Hamlin for 48 years. Her home was at 1107 S. Central.

Survivors include one son, W. T. Stapler of Conroe; three daughters, Mrs. Ora Mae Terro of Port Neches, Mrs. Jane Jones of Sweetwater and Minnie Stapler of Big Spring; four brothers, Ollie Boiles of Odessa, Hollie Boiles of Trinity, Jerry Boiles of Fresno, Calif. and Archie Boiles of Midland; four sisters, Mrs. Red (Ottie) Crawford, Mrs. Harold (Jessie) Martin, and Mrs. Lena Boiles, all of Abilene, and Mrs. Oliver Sanders of Odessa; and seven grandchildren.

Nephews were pallbearers.

for is a way for both teams to come out a winner, and the Presidential candidates have discovered it.

"If I can get 40 percent of the votes, I'd consider that a victory," one candidate says. Another says 25 percent would mean a victory for him, and so it goes.

That's the answer. All a coach has to do from now on is announce ahead of the game, "If we can get 40 percent of the score, we win."

I hope that works better in basketball and football than it does in Presidential primaries.

Yours faithfully, J.A.

Malignant tumors of the prostate are second to lung cancer as cancer killers among men over 75 years of age, the American Cancer Society reports. The ACS recommends that all men over 40 have a prostate examination once a year as part of their annual checkup.

LEON THURMAN  
... conservation award

Judge Thurman To Receive Award For Conservation

Leon Thurman, Jones County Judge, is to receive the "Outstanding Businessman Award" presented by the California Creek Soil and Water Conservation District. This award is presented to an individual who has made a significant contribution to agriculture.

Judge Thurman was instrumental in getting Jones County as one of the members of the Big Country Resource and Development Project. The application is still awaiting approval at the national level. This project is a locally sponsored measure utilizing federally cost shared money to assist counties, cities and other local units of government to apply conservation and beautification practices.

The American Cancer Society awarded research grants totalling more than \$26 million last year to more than 125 institutions in the United States and to scientists working here and abroad.

Sen. Farabee to Study Property Tax Laws

Lieutenant Governor William P. Hobby, Chairman of the Texas Legislative Council, announced today the appointment of a Council study committee to undertake a revision of the state's property tax laws. The committee is composed of five Council members: Representative Wayne Peveto, Orange, chairman; Senator Ray Farabee, Wichita Falls; Senator Grant Jones, Abilene; Representative Robert Maloney, Dallas; and Representative Leroy J. Wieting, Portland.

Hobby said the project was initiated following a joint proposal by himself and House Speaker Bill Clayton, who is Vice Chairman of the Council. In their proposal the two legislative leaders said, "We strongly feel that the time has come for legislative reform of our antiquated property tax system. For some time now, many of our citizens and local governments have rightfully complained that the current property tax laws are unfair, unintelligible, and not uniformly applied around the

state. Moreover, meaningful reform of our system of financing the public schools will be difficult, if not impossible, without property tax reform."

Hobby said the proposal was adopted unanimously by the Council in a mail ballot concluded yesterday. In addition to Hobby and Clayton, the Council consists of five Senators and ten members of the House.

Hobby said that all five of his appointees have a record of high interest and concern over the administration of our property tax system. "I have the greatest confidence," he added, "that they will be able to prepare for legislative consideration next year a much more modern, efficient, and equitable system of property taxation. The taxpayers are demanding it and they deserve it."

To get maximum attention, it's hard to beat a good, big mistake. Progress walks Indian file behind the guy willing to stick his neck out.
